EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Alphonso Collins on September 19, 2007.

The application has been amended as follows: in claims 10 and 21 add the recitation "horizontally" such that both claims recite the feature including

"a plurality of spray arms horizontally rotatably mounted on respective said support arms, each said spray arm having a plurality of nozzles connected to a respective said cavity."

The following is an examiner's statement of reasons for allowance:

Prior art reference Dreisbach (US 6,076,274) may disclose similar features to the claimed invention but not the independently claimed feature including "arms horizontally rotatably mounted".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
